A warm welcome to all international students to Universiti Teknologi MARA (UiTM) and the city of Shah Alam.

We are happy to offer you an exciting study abroad experience in our Summer Programmes which are divided into five themes: Culture & Art, Biodiversity, Business Knowledge, Technology Advancement and Language.

The Summer Programmes offered here allow you to gain not only impactful academic modules and language acquisition, but also explore the rich culture and history of Malaysia through weekend excursions, social events and cultural immersion activities.

I wish you all an enlightening experience of endless possibilities by participating in this programme in your journey of discovery as you make new friends and enjoy the intrinsic immersion of cross cultural experiences. Wishing you all a memorable stay in Malaysia, and hope that you will soon return to our shores to savour more of our warm Malaysian hospitality.

See you soon in UiTM, Shah Alam.

Professor Emeritus Datuk Dr Hassan Said
Vice Chancellor
Welcome to Malaysia
A Country Rich in Diversity

Malaysia is a multicultural country where Malays, Chinese, Indians and other races live in harmony. We celebrate religious, cultural and national festivals together.

Malaysia is a country where nature and urban living co-exist in perfect balance.

Come and experience our diversity, exclusively in Malaysia.
UiTM at a Glance

Universiti Teknologi MARA (UiTM) is the biggest public university in Malaysia, with 13 state universities and 21 satellite campuses built throughout Malaysia. UiTM offers more than 500 academic programs in a conducive and vibrant environment.

Almost all of the UiTM campuses are located near to the places of interest in Malaysia as can be seen at www.uitm.edu.my
Every state campus has something to offer and to be explored
Office of International Affairs (OIA)

Office of International Affairs (OIA) serves as the platform for International Relations, Promotion, Staff Exchange and International Student Support Centre.

In addition, we manage the Kristal Residential College for the accommodation of international students. Our aim is to provide the most conducive environment for international students during their study in UiTM and we strive to assist our international students at all times.
I had a superb time here in Malaysia especially so in UiTM. I also want to say thank you to all my lovely classmates, lecturers and OIA staff. Everybody was helpful and always there for me. Thank you!”

“All the people whom I have met here were very friendly, helpful and wanted to show me more about their culture. Malaysia is an amazing country to travel. I have managed to visit a lot of places here with its beautiful countryside. The scenery is awesome and the people were always welcoming.

Marvin Berns, Germany

“Becoming a mobility student here is such a great thing. I was blessed to be a part of UiTM. I had gained valuable experiences not only with international students but also with wonderful Malaysians. Thank you so much to UiTM and international office for taking such good care of us.

I have thousands of stories to tell people in my country. Every moment here was beautiful, I’ll never forget it. Thank you so much and I am going to miss everything here.”
Kendid Syahid, Indonesia

“While studying abroad in Malaysia one can visit different communities to learn about the different cultures of the world.”
Natsuki Nishikata, Japan
Learn and Enjoy

Campus life at UiTM is designed to help you experience new things, meet new people and expand your horizons. UiTM encourages activities that develop academic as well as personal growth. The campus is constantly bustling with activities from cultural performances, film screenings, concerts and recitals, plays to conferences, seminars and workshops, and competitions of various forms.

Sports and Arts

For sports enthusiasts, you can enjoy swimming in an indoor Olympic-sized pool, and also use the open stadium and the open field provided around UiTM.

Works of art of both academics and students, as well as the University artefacts are on exhibit at the art gallery of the Faculty of Art and Design, Tuanku Nur Zahirah Art Gallery, Creative Media & Technology Hub (CMT) and UiTM Museum.
